

How do I add E.ON Självservice to my phone or tablet?

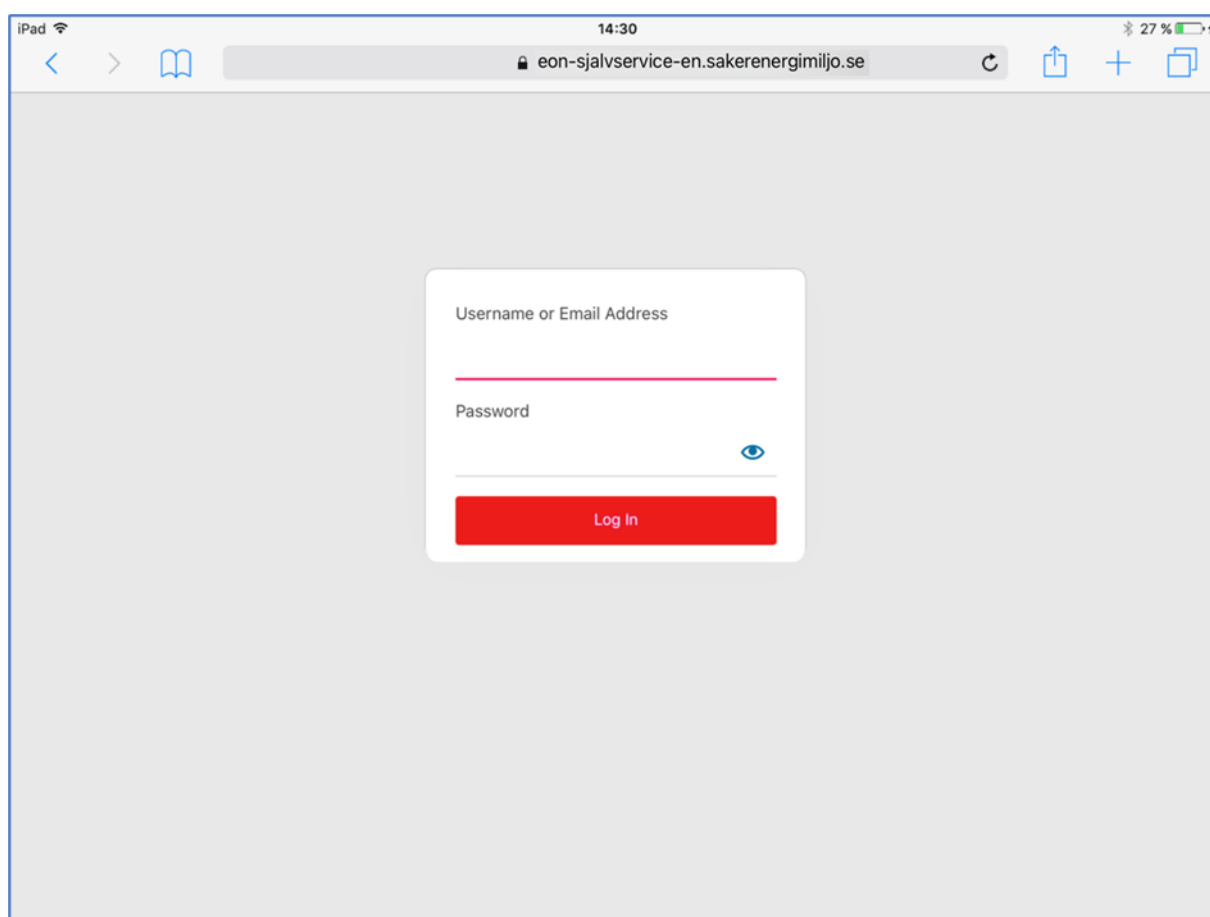

Apple iPhone or iPad

1. Go to E.ON Självservice

Open the Apple browser Safari and go to <https://learning.peritum.se/sjalvservice/>.

You will get to the start page and be asked to log in.

Note that you have to use the Apple built-in browser Safari.

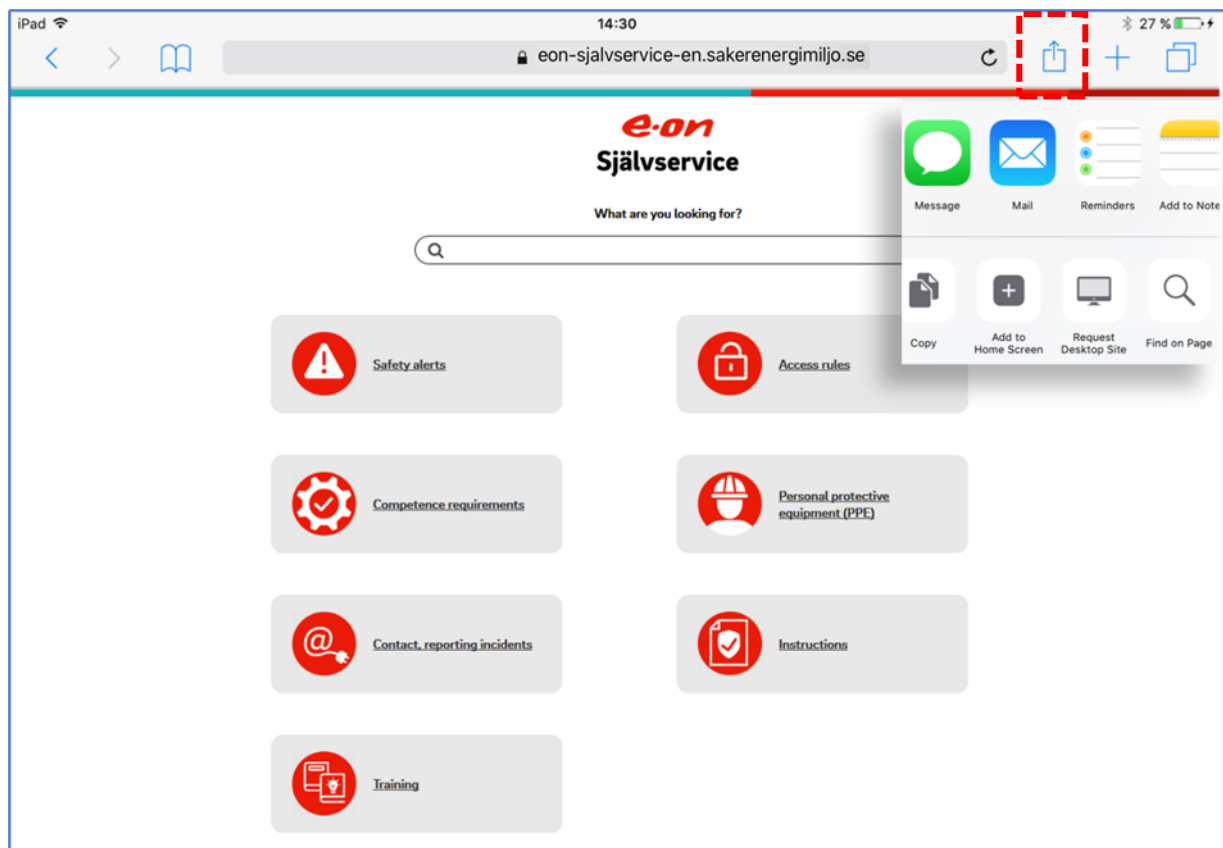

2. Log in

You will find the username and password when clicking on any of the courses in E.ON Entré.

The screenshot shows a web browser interface on an iPad. The status bar at the top indicates the time is 14:30 and the battery level is 27%. The browser's address bar displays the URL 'eon-sjalvservice-en.sakerenergimiljo.se'. The main content area features a white login form centered on a light gray background. The form has two input fields: 'Username or Email Address' with the text 'eon' and 'Password' with masked characters '***'. A red 'Log In' button is positioned below the password field. A small eye icon is visible next to the password field, likely for toggling password visibility.

3. Click on the Send button

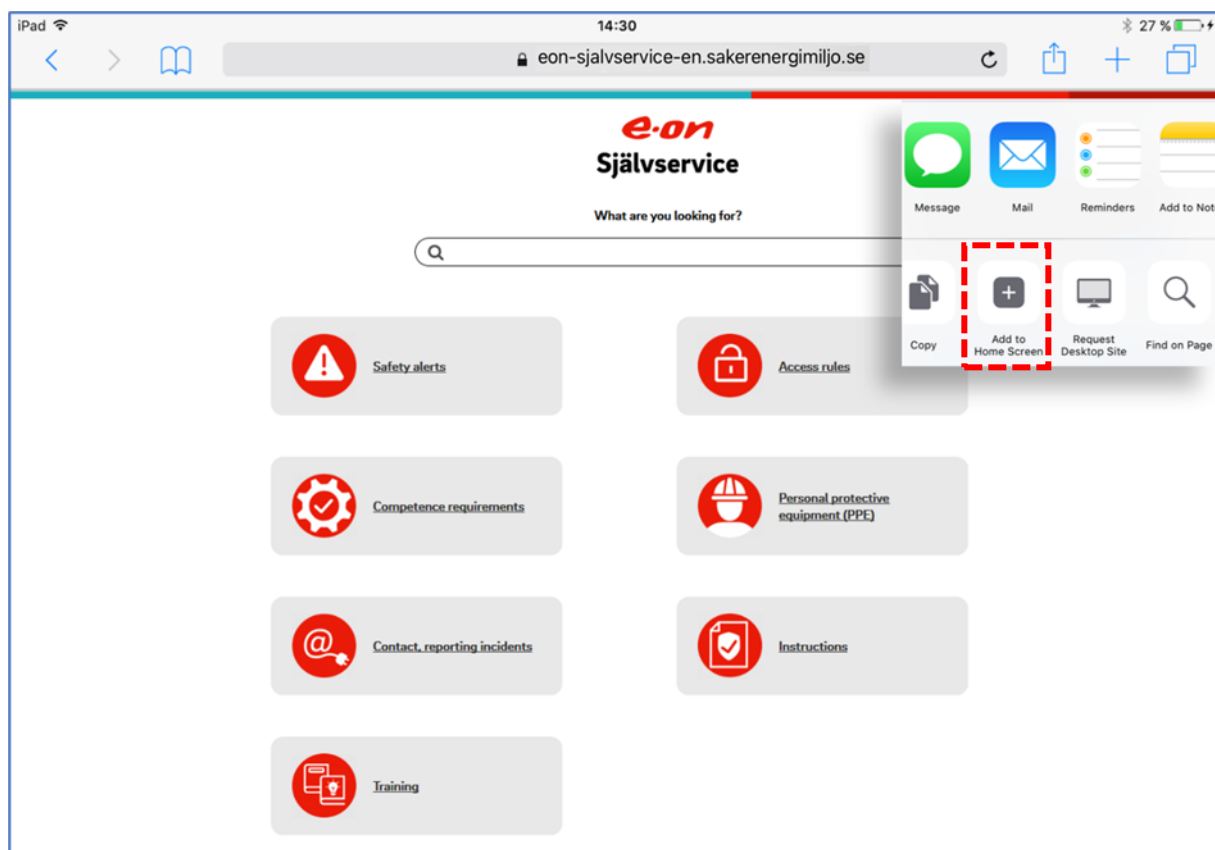

Click the Send button to open the menu.

4. Add to Home Screen

Swipe to and click on Add to Home Screen.

The exact appearance can vary between iOS versions.

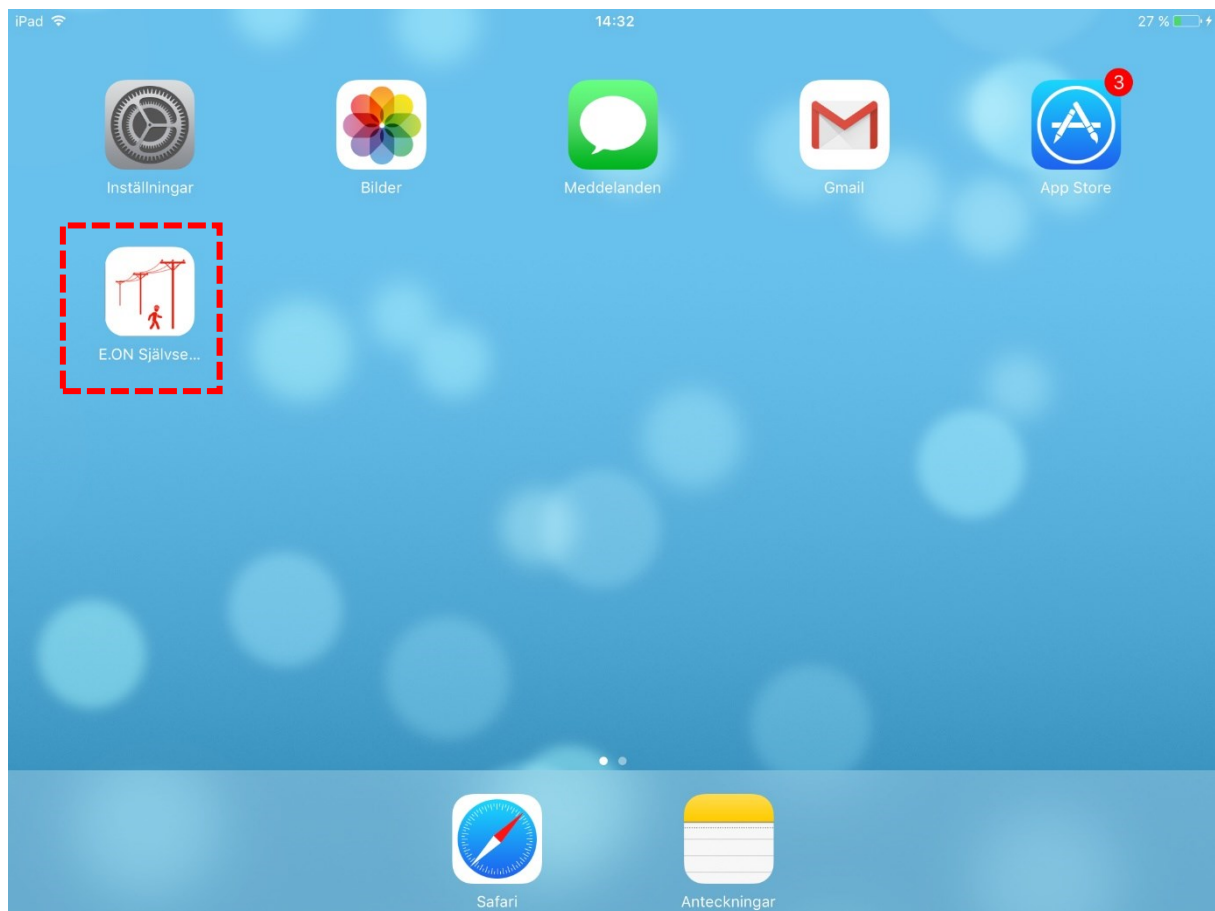

5. Confirm

6. Finished

You can now access E.ON Självservice quickly on your home screen, just like any other app.

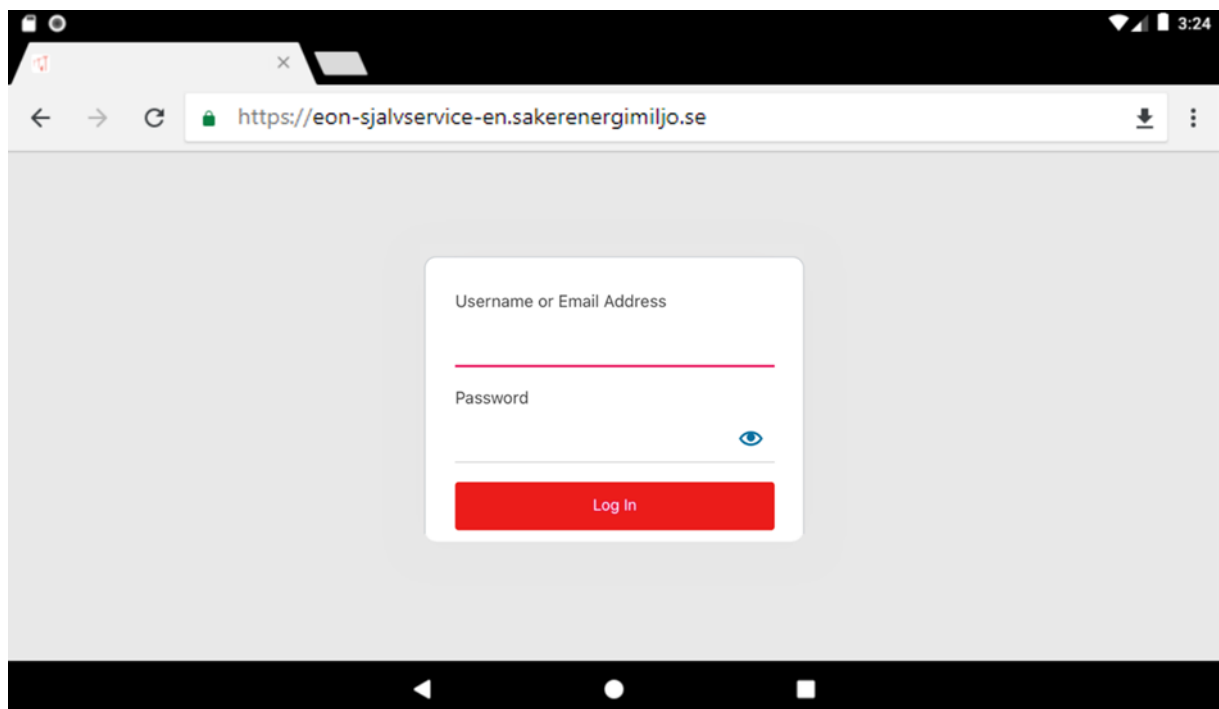

Android units (for instance Samsung tablets)

1. Go to E.ON Självservice

Open the Google browser Chrome and go to <https://learning.peritum.se/sjalvservice/>.

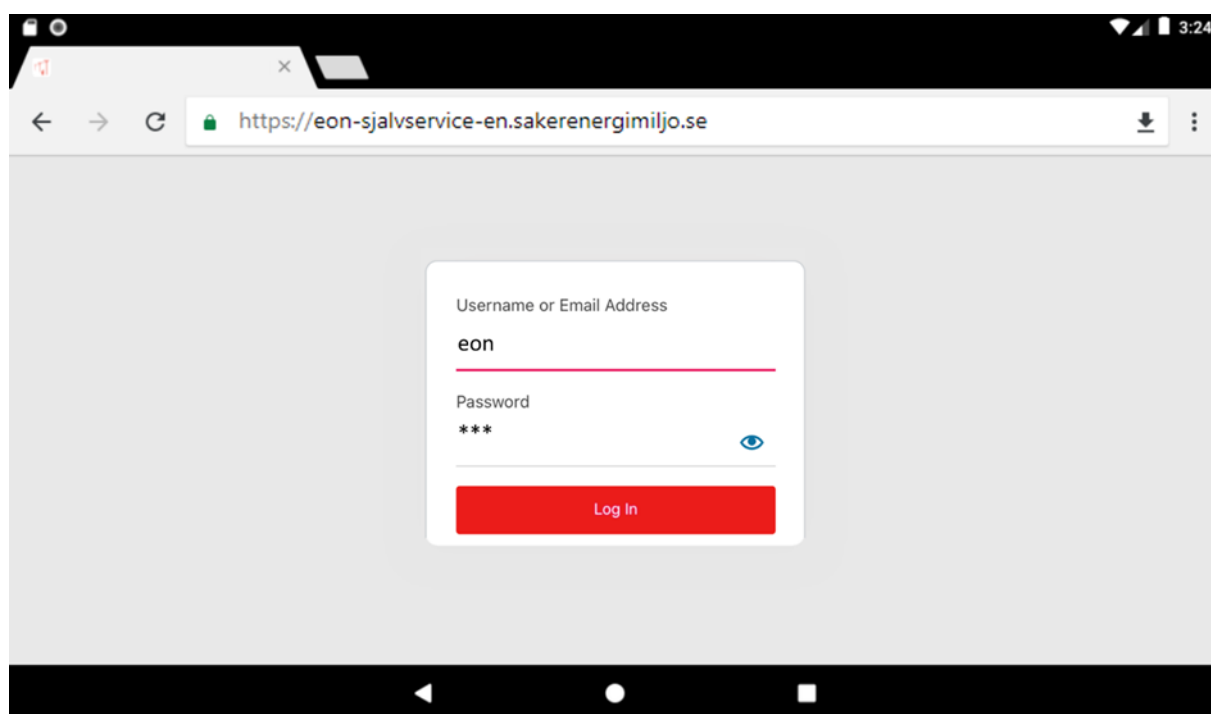

You will get to the start page and be asked to log in.

Note that you have to use the Google built-in browser Chrome.

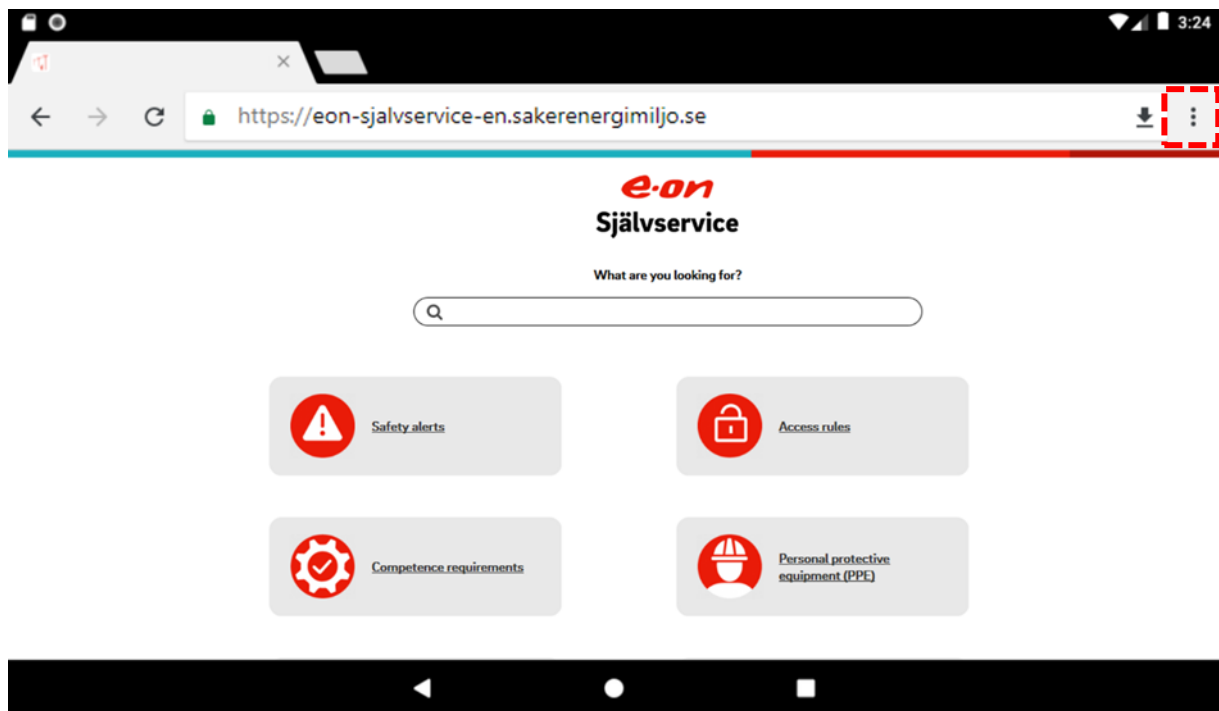

2. Log in

You will find the username and password when clicking on any of the courses in E.ON Entré.

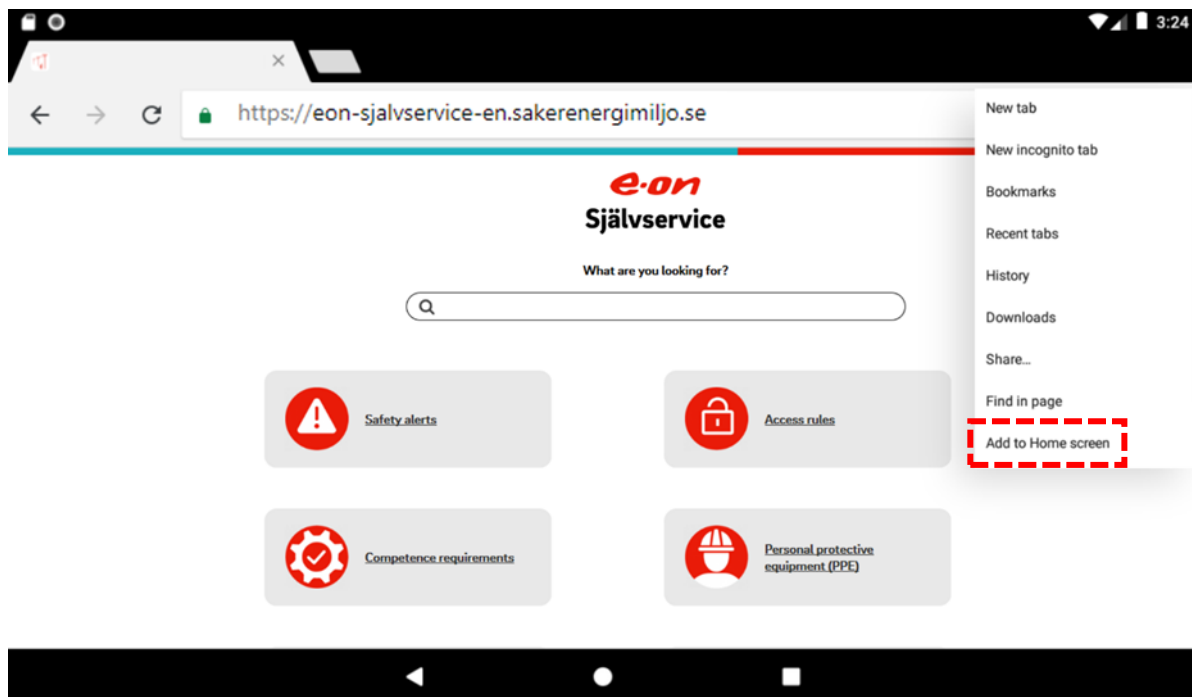

3. Click on the three dots

Click on the three dots on the right at the top to open the browser menu.

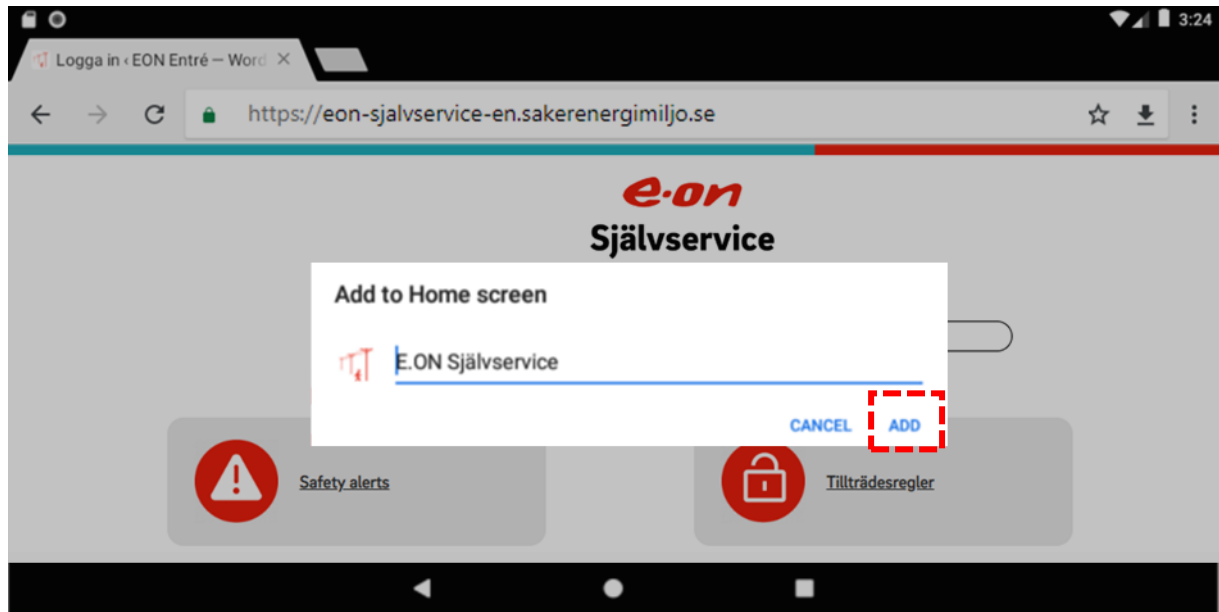

4. Choose add to Home screen

Click "Add to Home screen".

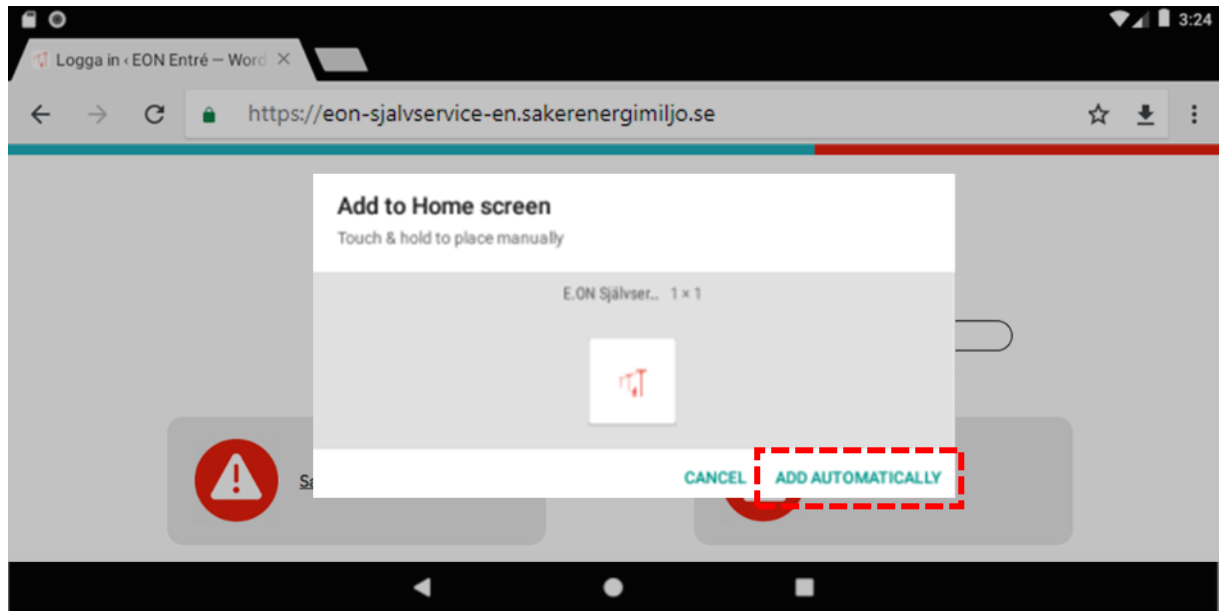

5. Click Add

6. Adjust the size of the icon

Adjust the size of the icon manually or click "Add automatically"

7. Finished

You can now access E.ON Självservice quickly on your home screen, just like any other app.
